

Executive Meeting—Monday, Nov. 21, 2011

Exec Reports

Alex, President:

- Andrew and I met with the Paul Menton Centre (PMC) to promote the Read Initiative, the objective: create a disability study minor and make Carleton 100% accessible
- Have Engineering students contribute to 100% accessibility goal
- CASG can contribute to this initiative
- Also we have one of the highest number of reps in our council this year but I would like us to work to fill up more FASS Rep seats as there are still many vacancies

Ruba, VPI:

- All committee meetings were scheduled and most were attended fairly well. However, we still have to fill 2 chair positions, I would like to bring it up at the general meeting
- Met with coordinators and ensured everyone was organized and reaching out to the departments as well as their reps
- Next coordinator meeting will be scheduled sometime next week. Will follow up with reps to find an available time
- Council picture will be taken at general meeting
- Agenda, Motions and Past Minutes sent out

Andrew, VPA:

- On the Initiative: looking for universities to be more specialized
- Governance Review Committee met, motions will be presented at general meeting
- Mental Health Awareness Campaign: mental health tip posters, bookmarks, pamphlets, tabling in the atrium, stress balls
- Scholarship Committee: as soon as motion is passed committee will meet ASAP
- Will promote scholarships for students in winter term, students will have some grades out then so can add substance to their application, applications due February (potentially)

Ruba: Promotions and Advertising Committee can converge and coordinate with promoting scholarships for students

Andrew: Holding a town hall is another option as well

James, VPO:

- Finance Committee met, looking to cut back on frivolous spending
- A lot of changes made to Academic Initiative Fund but it's for the better as the committee decided, motion will be presented at general meeting

Andrew: Charlatan asked CASG opinion on sequential courses (do a course in three weeks), it's not better or worse just a different option

Alex: Tell reps and coordinators at tomorrow's meeting that they can add CASG position to their CCR, last day is April 6 2012
